1991

MOUNT ANVIL WAS FOUNDED

90s

AWARD-WINNING

Our first major scheme in Greenwich, followed by the award-winning Student Village at the Surrey Institute of Art & Design in Farnham — a RIBA-recognised development.

00s

BEST SMALL COMPANY

Recognised as one of The Sunday Times 100 Best Small Companies to Work For 10 years running, Mount Anvil went on to secure Loxfords in Islington and Central Square — our first major mixed-use development.

10s

IN DEMAND

The Loxfords launched to queues on day one, while four landmark schemes — Lexicon EC1, Eagle EC1, Dollar Bay E14 and Keybridge SW8 — were acquired. Mount Anvil was named Developer of the Year at the RESI Awards for the first time.

RECORD BREAKERS

The Verdean launched post Covid achieving record breaking sales figures.

2020

POSITIVE PARTNERSHIPS

We announced our partnership with Royal Botanic Gardens, Kew to create a new biodiversity blueprint as well as input into the landscaping to improve biodiversity — to help make sure our places are fit for a green, sustainable future in London.

2021

500+ HOMES SOLD THIS YEAR

5 new projects launched, including London's fastest-selling scheme, which was only topped by our next launch — London's new fastest-selling scheme.

The first residential developer to partner with international fitness brand bringing world class fitness classes to people's doors.

× PELOTON

2022

DEVELOPER OF THE YEAR

Our fourth win at the Property Week RESI Awards — Developer of the Year.

2023

EXPANDING OUR PIPELINE

More quality homes in the pipeline — this time landmark estate transformation schemes in Camden, Marylebone and the Isle of Dogs.

More award wins — named Housebuilder of the Year at the Building Awards, "Mount Anvil has impressive and adaptable housing delivery plans while also placing a strong emphasis on community engagement to differentiate the business".

And a London first — the opening of the city's first residential rooftop running track at our award-winning Royal Eden Docks development.

2024

OUR 25TH DEVELOPMENT

Launch of The Broadley, Marylebone, NW8, our partnership with Westminster City Council.

2025

# PURSUE BETTER, DIFFERENTLY

KEYBRIDGE — SW8

COMPLETED

595 HOMES

A WORD FROM OUR CEO

It's our 34th year in London, and we're all in.

We don't do shoddy or short-term — if we did, we wouldn't still be here, with thousands of customers happily in our homes in zones 1, 2 and 3 and with a business that's en route to delivering thousands more. They're all places that people are proud to call home, and places that we're proud to have played our part in creating.

We're central London specialists. Transforming great estates into greater places with bright futures. Our buyers keep coming back, and nothing makes me prouder than hearing feedback like this:

**"I've already recommended them to my friends. They are reliable and trustworthy, and the final product is beyond my expectations."**

We've picked up awards along the way, for everything from interior design to customer service, and you'll see them proudly displayed in our Living Rooms — our customer showcase near St Paul's Cathedral in London. I'd love to welcome you in for a tour — see and touch our latest designs, and meet the people behind them.

DARRAGH HURLEY, CEO

“OUR BUSINESS GROWS,  
OUR JOURNEY CONTINUES.  
BUT OUR VALUES AND  
APPROACH REMAIN THE SAME:  
*WORK COLLABORATIVELY,  
RAISE THE BAR,  
DO THE RIGHT THING.*”

— Killian Hurley, Chairman

## MAYOR OF LONDON

“The GLA’s support has enabled us to increase our housing delivery in central London and to accelerate our purchase of new land. We’ve already delivered 125% of the homes we committed to at the start of our partnership. This year we’ll complete 1,100 homes and start more than 3,000. This shows the power of partnership and creativity in finding dynamic ways to continue to deliver at pace when many are stalling.”

— Marcus Bates, Partnerships, Planning, Communities and Sustainability Director

“Mount Anvil understands that the most personal interface of a building is the interior — theirs give both practical living and pure delight”

— Daniel Hopwood BBC’s ‘Great Interior Design Challenge’ judge

# CRAFTED NOT COOKIE CUTTER

HAMPSTEAD MANOR — NW3

QUEENS CROSS — E16

DOLLAR BAY — E14

## We pride ourselves on being crafted, not cookie cutter.

We're focused, which means we spend more time designing, refining and delivering homes people love in places they want to live.

No two Mount Anvil developments are the same. Yes, you'll see hallmarks like clean, uncluttered building facades, five-star standard amenities (like our unique Peloton-powered gyms) and extra special, biodiverse landscaping designed with Royal Botanic Gardens, Kew (another industry first that you won't find anywhere else). But every development is deeply attuned to its surroundings, using interior designers that have designing bespoke high-end homes in their DNA.

This way, we create homes that are never generic, always beautiful and work hard for the long-term. World-class design is at our core. Buildings which look great — inside and out — and integrate seamlessly with the world around them through exceptional public realm are the ones that stand the test of time.

Each development is unique — for some, we lean on our world-first partnership with sustainable brand V-ZUG, beloved of Michelin-starred chefs worldwide. Elsewhere, you'll find Miele or other high-end appliances. It's about what works in the space, what works for the scheme, and one size never fitting all.

**“The partnership between V-ZUG and Mount Anvil is a perfect fusion of lasting quality, sustainability and innovative design. Both brands are dedicated to creating the exceptional. All homes at The Edit have V-ZUG appliances, in a first for London. By combining our strengths, we offer something truly unique to Mount Anvil’s customers.”**

— Matt Jewell Director, Projects & Multi-Residential UK for V-ZUG

CHELSEA BOTANICA — SW6

We pair our 34 years of expertise with leading London design houses like the award-winning House Nine and “Britain’s Best Brand” Atelier NM.

Together we create something you don’t often see at scale — the detail and care of a private home, brought into apartment living. The result is specifications agents call “unmatched in new build”, communal areas with both warmth and grandeur, and homes built to stand the test of time.

Every customer also benefits from a 10-year warranty from providers like NHBC, plus our own 2-year Mount Anvil warranty to cover the unexpected. At Royal Eden Docks, our newest residents moved into homes with zero snags — proof we promise, we deliver.

THE EDIT — SE1

CHELSEA BOTANICA — SW6

Atelier NM’s preliminary sketches of Chelsea Botanica’s interiors alongside CGIs

“Every detail in our homes is considered — nothing’s off the shelf. From the flow of the layout to the feel of a handle, it’s all designed to feel effortless, and crafted with intent. Quality for us isn’t just what you see, it’s how a home makes you feel the moment you walk in.”

— Liliana Mourenza,  
Interior Design Manager,  
Mount Anvil

WE PROMISE.  
WE DELIVER.

“We don’t overpromise — we plan properly and build with care. Every home is the result of hundreds of hours of coordination between design, construction and customer teams. We use the best tools, the right people, and we take pride in getting it right first time. That’s how we deliver on our word — every time.”

— Nyron Higgins, Construction Director

“Walk round any of Mount Anvil’s completed schemes and the quality and attention to detail stands out. They know how to deliver a product that delivers on the promises that their CGIs make. We love the way they plan a launch, their innovative approach and forward thinking strategy.”

— Peter Murray, Head of Residential Development, JLL

“OUR EXPERIENCE OF WORKING WITH MOUNT ANVIL CONFIRMS THEIR REPUTATION FOR DESIGN EXCELLENCE. THEY ARE HUGEY COMMITTED TO LEAVING A POSITIVE LEGACY.”

— Sir Terry Farrell, Principal, Farrells

# AWARD WINNING

The Silk District (left) won Development of the Year at the What House? Awards in 2022.

Verdean (right) won the prestigious Place in Progress award at The Pineapples in 2024.

The ultimate accolades for us are happy customers, agents and partners who want to keep coming back to Mount Anvil. But we aren't averse to the industry celebrating us either. These results demonstrate our commitment to creating places people want to live and call home.

We've won awards in:

- Customer Service
- Landscape Design
- Architecture
- Sustainability
- Health and Safety
- Interior Design
- Placemaking

# POSITIVE PARTNERSHIPS

Landscaping designed in partnership with Royal Botanic Gardens, Kew including The Broadley (right).

Working with Planet Mark, we're reducing our environmental impact and carbon footprint across our sites, like Royal Eden Docks, as visited by London Mayor, Sadiq Kahn.

We've completed almost 1,000 hours of engagement in our communities this year to understand how we can work with them to deliver social value.

Basic biodiversity has been in planning regs and on the tips of tongues of landscape architects for years. But we don't do basic. That's why we've gone beyond the norm on this front too, working with Royal Botanic Gardens, Kew, to design world-class outdoor spaces for our schemes, putting a Kew Garden within everyone's reach.

ESG impact needs to be measured — and we don't believe marking our own homework gets the best results. So, our Positive Partnerships framework was born out of this collaboration with Royal Botanic Gardens, Kew, HACT and Planet Mark. Three believable partners in three arenas that matter: Biodiversity, Social Value and Sustainability.

With these partnerships, we build our impact in a measurable way. And we push the boundaries of what's possible for the residents we serve and the partners we work with. Take our pioneering work on pollinators, developed with Kew, for example. We've created a brand-new framework for measuring biodiversity — and we've made it open to everyone.

## OUR PARTNERS

“IT'S EXCITING TO MEET  
DEVELOPERS LIKE MOUNT ANVIL  
WHO ARE ELEVATING  
THE SUSTAINABILITY AGENDA  
AND DRIVING FOR THE BEST  
LONG-TERM SOLUTIONS.”

— Joanne Mortensen, Sustainability Programme Manager, London Borough of Ealing

The Broadley, Marylebone is designed to optimum energy efficiency standards and aligns with the principles of Net Zero Carbon in Operation.

“Mount Anvil’s longstanding commitment to deliver sustainability means that carbon savings, energy performance, maintenance, running and end user costs are constantly being considered throughout the lifetime of the building. Its culture resonates perfectly with The Planet Mark’s three-step process to certification, and the genuine passion for sustainability, demonstrated from the board right through to all of its employees, will ensure the company continues to deliver a legacy of positive change for the better.”

# DELIVERING FOR LONDONERS

ISLE OF DOGS — PLAY SPACE

We believe the devil is in the detail. And when we have the privilege of working in one of London's communities, to deliver an important transformation, we don't come in thinking we've got all the answers. That's why we curate our social impact activities carefully, listening to the community and working with those who are already changing our city for the better.

It means cultivating an intricate patchwork of relationships with local people and organisations. It's something you can only do if, like us, you're focused squarely on London and care about its future. And we think this is the way to leave a legacy that we're proud of.

QUEEN'S WHARF — RIVERSIDE STUDIOS

VERDEAN — CREATIVE LAND TRUST

KEYBRIDGE — WYVIL SCHOOL

THREE WATERS — BOW ARTS

# CREATING PLACES TO *LIVE, WORK, AND PLAY.*

At Mount Anvil, we're dedicated to building more than homes — we create places where people can thrive. At Verdean in Acton, that means making space for local businesses at the heart of the community.

ByMax — a coffee, deli and wine destination now open at Verdean — is run by Massimo, a long-standing Ealing resident. Through our #BuiltInCommunity approach, we selected a trusted local operator, supported the fit-out, and provided a flexible lease. The result is more than an amenity: it's a sustainable business that drives footfall, strengthens the resident experience, and delivers measurable social value for the wider neighbourhood — enhancing the long-term appeal of Verdean.

It's a true win-win: a thriving local business, a stronger community, and a new London destination where people come together.

# LONDON SPECIALISTS

DOLLAR BAY — E14

## OVER 3 DECADES IN LONDON

Britain's tallest residential brick tower. A converted Edwardian merchant's house. A glass tower among the giants at Canary Wharf. We go to extreme lengths to make sure every one of our London developments is unique. And because we find the right location to invest in, Mount Anvil schemes have delivered up to 2.3 times the average price growth for new build apartments in the same postcode.
